I'll wait for responsive material and include a statement to reflect the rule change in the final response. Thanks so much!

Good Afternoon,

I have one notification that was submitted during that timeframe. I'll have Sandra scan it and send it to you. Please let the requester know that There has been a rule change and as of December 2014, reuse notices are no longer sent in to the Regional Offices but to EPA Headquarters.

Subject: FOIA assignment question?

Hello and good morning,

Attached is an electronic FOIA submittal from a reporter with AP. At your convenience, can you review it and provide me with some guidance as to where the information sought can be located? Thanks so much!
